

Relevant Standard: IC.02.01.01

The hospital implements its infection prevention and control plan.

Element of Performance: 7

The hospital implements its methods to communicate responsibilities for preventing and controlling infection to licensed independent practitioners, staff, visitors, patients, and families. Information for visitors, patients, and families includes hand and respiratory hygiene practices. (See also HR.01.04.01, EP 4)

Note: Information may have different forms of media, such as posters or pamphlets.

Program Titles

Infants and Children in the Hospital

Prenatal & Maternity

Relevant Standard: NPSG.07.01.01

Comply with either the current Centers for Disease Control and Prevention (CDC) hand hygiene guidelines or the current World Health Organization (WHO) hand hygiene guidelines.

Element of Performance: 1

Implement a program that follows categories IA, IB, and IC of either the current Centers for Disease Control and Prevention (CDC) or the current World Health Organization (WHO) hand hygiene guidelines. (See also IC.01.04.01, EP 5)

Program Titles

When Baby Arrives Early

Neonatal

Relevant Standard: PC.02.01.05

The hospital provides interdisciplinary, collaborative care, treatment, and services.

Element of Performance: 1

Care, treatment, and services are provided to the patient in an interdisciplinary, collaborative manner.

Program Titles

When Baby Arrives Early

Neonatal

Relevant Standard: PC.02.02.03

The hospital makes food and nutrition products available to its patients.

Element of Performance: 6

The hospital prepares food and nutrition products using proper sanitation, temperature, light, moisture, ventilation, and security.

Program Titles

Breastfeeding Basics: Breast Pumping

Prenatal & Maternity

Breastfeeding Basics: Back to Work

Prenatal & Maternity

Element of Performance: 7

Food and nutrition products are consistent with each patient's care, treatment, and services.

Program Titles

When Baby Arrives Early

Neonatal

Breastfeeding Basics: Breast Pumping

Prenatal & Maternity

Breastfeeding Basics: Back to Work

Prenatal & Maternity

Element of Performance: 11

The hospital stores food and nutrition products, including those brought in by patients or their families, using proper sanitation, temperature, light, moisture, ventilation, and security.

Program Titles

When Baby Arrives Early	Neonatal
Breastfeeding Basics: Breast Pumping	Prenatal & Maternity
Breastfeeding Basics: Back to Work	Prenatal & Maternity

Relevant Standard: PC.02.03.01

The hospital provides patient education and training based on each patient's needs and abilities.

Element of Performance: 1

The hospital performs a learning needs assessment for each patient, which includes the patient's cultural and religious beliefs, emotional barriers, desire and motivation to learn, physical or cognitive limitations, and barriers to communication.

Program Titles

Baby's First Test: Heart Disease Screening	Neonatal
Baby's First Test: Heart Disease Screening	Neonatal
Breastfeeding Basics: Breast Pumping	Prenatal & Maternity
Breastfeeding Basics: Back to Work	Prenatal & Maternity
Breastfeeding in Public for New Moms	Prenatal & Maternity

Element of Performance: 10

Based on the patient's condition and assessed needs, the education and training provided to the patient by the hospital include any of the following:

- An explanation of the plan for care, treatment, and services
- Basic health practices and safety
- Information on the safe and effective use of medications (See also MM.06.01.01, EP 9; MM.06.01.03, EPs 3–6)
- Nutrition interventions (for example, supplements) and modified diets
- Discussion of pain, the risk for pain, the importance of effective pain management, the pain assessment process, and methods for pain management
- Information on oral health
- Information on the safe and effective use of medical equipment or supplies provided by the hospital
- Habilitation or rehabilitation techniques to help the patient reach maximum independence
- Fall reduction strategies
